Abele, C. A.—Report of the Committee on Sanitary Procedure.. 77
Ashworth, U. S., and Van Orden, Harris O.—The Nitrogen Distribution in Dried Milk..... 272
Bendixen, H. A.—Milk House Construction, Equipment, and Maintenance 175
Borman, E. K.—See Mickle, F. L.
Brooks, Paul B.—Report of Committee on Communicable Diseases Affecting Man, 1942.... 152
Brown, W. Carson, and Thurston, L. M.—The Minnesota Babcock Method Applied to Concentrated Milk, Chocolate Milk, and Ice Cream..... 136
Bulmer, L. C.—Serious Flaws in Milk Control Policy Which Impair Our War Effort..... 79
Burrows, O. K.—Effect of the War Situation Upon Equipment and Materials..... 168
Caudill, F. W., and Meyer, M. A. —An Epidemic of Food Poisoning Due to Pasteurized Milk 73
Septic Sore Throat Epidemic at School 221
Davis, Herbert L.—Milk Filtration with Cotton Media..... 342
Dotterrer, W. D.—Heat Resistant Organisms in Milk Supplies.. 269
Fabian, Fred W.—Report of Committee on Ice Cream.... 157
The Function of the Laboratory in the Control of Milk Supplies 278
Fay, A. C., and Fraser, Joseph—Precision Timing of Short Time-High Temperature Pasteurizers 321
Fisher, Milton R.—War Time Increases Our Responsibilities. 362
Fraser, Joseph—See Fay, A. C.

Fuchs, A. W.—Problems in Milk Sanitation Due to the War.... 23
Fuqua, V. L.—Quality Improvement of Milk Supplies..... 290
Furnia, R. L., Manson, W. H., and McHale, E. R.—Symposium on Causes and Reasons for Rejected Milk 351
Gray, P. H. H. — Two - Stain Method for Direct Bacteria Count 76
Gunderson, N. O.—Is It Desirable to Simplify and Unify Our Milk Quality Program? 225
Holt, L. E.—Checking Commercial High-Temperature Short-Time Pasteurization Installations 142
Hopson, G. H.—The Importance of Cooperation Between the Milking Machine Industry and the Milk Sanitarian in Milking Machine Sanitation 39
Hucker, G. J., and Thomas, Robert E.—Pyrex Glass Tubing as a Substitute for Metal Milk Pipe in Dairy Plants..... 197
Itzkowitz, Marilyn—See Katzin, L. I.
Johns, C. K.—Care of Milking Machines 274
Katzin, L. I., Strong, M. E., MacQuibben, Mary, and Itzkowitz, Marilyn—Loss of Lactose Fermentative Power by Coliform Bacteria 17
Kelly, Ernest—Dairy Inspection in War-Time 19
Leete, C. S.—An Epic Investigation of Streptococcal Fever.... 331
Little, Ralph B.—Gramicidin and Tyrothricin Therapy in Chronic Streptococci Mastitis 335
MacQuibben, Mary—See Katzin, L. I.

Manson, W. H. — See Furnia, R. L.
McHale, E. R.—See Furnia, R. L.
Meyer, M. A.—See Caudill, F. W.
Mickle, F. L., and Borman, E. K. —Connecticut Three-Point Laboratory Program as an Aid to Control of Pasteurized Milk.. 231
Milburn, Charles H.—War Time Milk Transportation Problems 346
Molyneux, G. W.—Cooperative Milk Pasteurizing Plants..... 296
Parker, H. N.—Report of the Committee on Dairy Farm Methods, International Association of Milk Sanitarians, 1942 89
Pincus, Sol—Protecting and Maintaining Milk Supplies in Wartime 285
Prouty, C. C.—A Ropy Milk Outbreak Caused by a Thermoduric Micrococcus 263
Scott, E. C. — War - Time Ice Cream Problems 30
Shepard, S.—Comparative Educational Background of Dairy Graduates, Sanitary Engineers, and Veterinarians in Milk Control 235
Spur, Bernard—The Relationship Between the Temperature of Pasteurization (holding method) and the Appearance of Cooked Flavor in Homogenized Milk 86
Market Homogenized Milk in Philadelphia 266
Stone, R. V. — Staphylococcic Food - Poisoning and Dairy Products 7
Strong, M. E.—See Katzin, L. I.
Thomas, Robert E.—See Hucker, G. J.
Thomsen, L. C.—Conservation of Power Through Efficient Operation of Refrigerating Equipment 35
Thurston, L. M.—See Brown, W. Carson
Trout, G. M.—Homogenized Milk and Public Health..... 214
Van Orden, Harris O.—See Ashworth, U. S.
Weckel, K. G.—The Status of Regulations and Practices in Determining Extraneous Material in Milk..... 146
Williams, W. F.—Irregularities in the Agar Plate Counts of Pasteurized Milk 133

Subjects
